

## Gilbert Water Festival

### Volunteer with us

Join us for the 4<sup>th</sup> Annual Gilbert Water Festival, an educational field day event that instills a deeper understanding of water in the earth system and Arizona's water resources through:

- Celebrating science and water stewardship
- Hands-on learning activities for students
- Business community involvement to show children career paths and opportunities within Science, Technology, Engineering, and Math (STEM) fields

You can facilitate a lesson, help setup and breakdown, escort student classes, register volunteers, coordinate water station activities, and more!

### We need **YOU!**

On Thursday, February 26, we'll train you on the four different learning stations so you can feel confident when you teach the students all about water.

Then, enjoy the actual Water Festival day on March 5, 2015. We will kick off the day with **Gilbert Town Councilmember Jenn Daniels**. We will provide lunch and snacks throughout the day.

Email [Haley.Paul@gilbertaz.gov](mailto:Haley.Paul@gilbertaz.gov) if interested in volunteering at this event. We will follow up with confirmation and directions.
